TO THE WEST! TO THE WEST!

Before making your arrangements to follow the advice of the "thousands who have already gone," it would be well to consider what has been done to make the journey to your "Homes in the West" as pleasant and free from danger as human skill and foresight can accomplish.

By consolidation and construction, a road has been put into operation on the shortest possible line from Nashville, Tenn., to St. Louis, "the future great City of the world." This line, the

ST. LOUIS & SOUTHEASTERN RAILWAY,

has, during the past year, earned an enviable reputation by its smooth track, prompt time, sure connections, and the magnificence of its passenger equipment. Its trains are made up of new and commodious day cars, provided with the celebrated Miller coupler and platform, and the Westinghouse air-brake.

It is positively the only line running Pullman Palace Drawing-Room Sleeping Cars through without change from Nashville to St. Louis. No other line pretends to offer such advantages, either in distance, time, or equipment. Why, then, journey by circuitous routes? Do not be induced to purchase tickets to St. Louis or the West by any other line, remember that

The "St. Louis & Southeastern"

is the shortest, cheapest, quickest, best and only line under one management from Nashville to St. Louis, and is from 60 to 200 miles the shortest to St. Louis, Kansas City, Omaha, Denver, California, Texas, and all western points. It is also the "Chicago Shortest Line," via Evansville.

You can secure the cheapest rates for yourselves and your movables on application, in person or by letter, to CHARLES McCABE, Southern Passenger Agent, near College street Depot, Nashville, Tenn., or to the undersigned.

General Ticket Agent, St. Louis.

WILMINGTON, N. C.

Thursday, October 30th, 1873.

A PROCLAMATION,

By the President of the United States of America.

The approaching close of another year brings with it the occasion for renewed thanksgiving and acknowledgment to the Almighty Ruler of the Universe for the unnumbered mercies which He has bestowed upon us.

Abundant harvests have been among the rewards of industry. With local exceptions health has been among the many blessings enjoyed. Tranquility at home and peace with other nations have prevailed. Frugal industry is regaining its merited recognition and its merited rewards.

Gradually, but, under the providence of God, surely, as we trust, the nation is recovering from the lingering results of a dreadful civil strife.

For these and all the other mercies vouchsafed, it becomes us as a people to return heartfelt and grateful acknowledgments, and with our thanksgiving for blessings we may unite prayers for the cessation of local and temporary sufferings.

I, therefore, recommend that on Thursday, the twenty-seventh day of November next, the people meet in their respective places of worship, to make their acknowledgments to Almighty God for His bounties and His protection, and to offer to Him prayers for their continuance.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this 14th day of October, in the year of our Lord one thousand eight hundred and seventy-three, and [L.S.] of the independence of the United States the ninety-seventh.

U. S. GRANT.

By the President:

HAMILTON FISH,
Secretary of State.

The Recent Elections.

It is somewhat difficult to ascertain the precise causes of the reduction of the Republican vote in Ohio and Iowa, as disclosed in the recent elections in those States. The New York *World* which claims, and to which is somewhat conceded, the position of the national organ of the Democratic party, declares that the gleam of success which flashed from Ohio upon its party, was derived from the adoption of straight out men, and talks in a high strain about entangling alliances and cowardly coalitions. This is answered by the Liberals by pointing to Iowa, where every element of opposition to Republicanism was marshaled under one banner, and where local and temporary questions decided the contest.

It must be admitted that in the latter State that no absolute issue was made upon political principles; that many of the legislators elected and classified as Democrats, or anti-Republicans—for to such a nomenclature have our opponents come—cannot, on political questions, be relied on to act in harmony or in concert even with the pure Democracy; and that, after the final settlement of the issues on which many of them were elected, they will quietly drop into the Republican ranks. The straight outs can never, with any just confidence, rely upon such allies, when party measures only are the subject of legislation, and the ultimate consequences will be discord and distrust among those who are now seemingly joined in hostility to the Republican party.

In Ohio the election of a pure Democrat for Governor, with the remainder of the State ticket Republican, does not indicate defeat, or necessarily portend disaster to the party which elected the majority of its candidates. It does not follow as a sequence that the people of that State are prepared to swallow unmixed Democracy, and relish the bolus. Notwithstanding the fact that less parade was made of "anti-monopolists," "farmers protection," and other demagogueical nonsense in Ohio than in Iowa, no one can doubt but that every means was adopted by the "unterrified" which could bring a single supporter to Mr. Noyes, and the ticket of which he was the head. In one State as in the other, the same irreconcilable differences prevail among the anti-Republicans, and it would not be a matter of much wonder should the legislature which is now declared to be so certain to re-elect Senator Thurman, fail to unite upon him, or any other man who professes the same extreme opinions.

In our own State, less than a year ago, a Legislature decidedly Democratic, was utterly unable to send to the United States Senate the nominee of the Democratic caucus.

The reason of these things is evident. It is because the Democrats, or Conservatives, or by whatever name they may choose to call themselves, have no unity of purpose, or fixed principles around which they can assemble.—It is because that the only sentiment they have in common is a factious and unworthy enmity to the Republican party—the only National one—and beyond that they cannot combine upon any measure; and it is because the issues upon which they place themselves before the country are so fleeting and so paltry, that the people cannot and will not notice them.

EDITORIAL BUDGET.

— It is reported that Dr. Balfour, a Madras surgeon, has discovered that the oil of the gurgun tree is a sure cure for the loathsome disease of leprosy.

— Six hundred different railroads receive pay for carrying the mails. The aggregate length of the railroad service in the United States is now nearly sixty-five thousand miles per annum.

— Small pox is among the Indians; about forty have died at the Santee agency, and many are now sick. They only live from two to four days after they are first attacked.

— An Illinois circuit court has awarded $130 damages to a young lady who was forcibly expelled from a high school for refusing to study one of the prescribed branches.

— Official announcement is made that on or before November 1st, 1873, the Canada Southern railway will be opened for through passenger traffic between Toledo and Detroit, Toledo and Buffalo, and Detroit and Buffalo.

— Caroline VonBeethoven, a granddaughter of the immortal composer, having been discovered recently in great destitution at Vienna, the oddest kind of provision has been made for her future maintenence by order of the Emperor of Germany—namely, by the setting apart for her of five per cent. at the Opera in Berlin on the performance of "Fidelio."

— The bale of cotton donated to the Memphis sufferers sold on 'Change at Cincinnati for $2,020. The bale of cotton which was donated by Col. Creed Taylor, of Arkansas, for the benefit of the Memphis orphans, and sold in that city for $1,500, was subsequently shipped to St. Louis and sold there for $90. It was then forwarded to Cincinnati, and on Monday was sold on 'Change and purchased by members of the Chamber of Commerce for $2,030. It will be shipped thence to some other city, to be again sold for the same purpose.

— Poor Gratz Brown is to be wofully disappointed again. The newspapers, always friendly to him, had arranged a nice little programme whereby the member of the State Legislature from Iron county was to resign in his favor, that he might make the position a stepping-stone from which to rise into the United States Senate as successor of Mr. Schurz. And now this hard-hearted Representative from Iron county repudiates the whole arrangement and savagely declares that there is only one condition upon which he will resign his position and that is upon the request of the people who elected him.

— In court at Philadelphia on Tuesday during the trial of James Kingswell, for murdering Francis Malone, while Mr. Heveria, counsel for the accused, was addressing the jury a son of the deceased approached the box where the prisoner was seated and made a lunge at him with a dagger. The blow was turned aside by an officer, who wrenched the dagger from him and took him into custody, after a desperate resistance and the uttering of cries of vengeance against his father's murderer. Another, who took part in the attempted assassination, was also taken into custody. The greatest confusion prevailed in the court-room, which subsided after the above arrests, and the trial proceeded. Kingswell and Malone kept teams in the same stable, and the killing was the result of a fight between the parties.

This scene in a street car; the *dramatis personæ* two gentleman, briskly: "Who is going to be bored to night?" Second gentleman, as briskly: "I don't know. Where are you going?"

Some person bent on malicious mischief, sent the Raleigh *News* paper a bull dog, which was respectfully and peremptorily declined.

The Macon *Home Journal* man has made this nerve-quieting discovery: "If anybody sees a row of buttons coming down street, let him preserve his equilibrium and think not of supernatural agencies. There's a woman behind them."

"No man ever had," a better wife than I had," said a returned Californian; "She was always kind to the poor and to all her relations. She is now in the graveyard, and my judgement is she is well prepared for the next world; and for the good feeling I had for her for over fifty-six years I have erected a monument over her grave weighing seven tons, and twenty-one feet high. It is a splendid monument—cost me over six hundred dollars."

SUPERIOR COURT.

The case of the Willie Carter murder was called this morning, and a severance moved by the counsel for Mrs. Carter, which was granted. The remaining defendants, David Martin, Jimmie Anderson, and Billy Merrick, were then arraigned. A special venire of two hundred jurors had been issued, and from this number a panel was selected. Their names are as follows: John Suggs, Mark Johnson, Robert Conner, George Battle, Samuel Murphy, Dublin Nichols, Isaac N. Kelley, H. G. Johnson, James F. Gause, Wm. Murphy, J. D. McCoy, Benjamin Merrick, which was duly empaneled. The following is the

Judge Merrimon has been employed as Attorney in the great Georgia cotton case now before the U. S. Supreme Court.

The belted cattle from Delaware, which were bought by the State Agricultural Society, are on exhibition at the Weldon Fair. They are said to be curiosities.

Blalock and Collins, two men recently convicted of murder and condemned to death at Johnston county Superior Court, and confined in the Raleigh jail for safe keeping, attempted to make their escape Tuesday morning, but were frustrated in their designs by the vigilance of the jailor. The tools with which they worked were smuggled in to them by Collins' wife.

A writer in the *Lincoln Progress* says: Our newspapers now frequently contain notices of some new mineral discovery. Not only *gold* but *silver, copper, lead, iron ore* in the greatest abundance, *plumbago*, or *black lead*, and is commonly called *corundum, diamonds, barytes*, or *heavy spar, mica*, generally known as *isinglass, manganese, limestone, soapstone, agate, amethyst, marble*, &c., have been found. No doubt, future explorations will bring to light other important discoveries.

The Newbern *Times* asks what would the Post say if we heard the echo of a steam whistle that they have over there. The Post likes the sound of steam whistles or any other sounds that indicate *business*, and recommends Manwell or any other man to quit such a sleepy old place as Newbern, where nobody wants to be awakened by the evidences of active life, and move at once to the live, go-ahead city of Wilmington, where they will be welcomed, and where they can blow as much as they like, particularly by advertising in its columns.

THANKSGIVING PROCLAMATION,

By His Excellency, the Governor of North Carolina.

EXECUTIVE DEPARTMENT.

Raleigh, October 22d, 1873.

WHEREAS, The people of North Carolina have been abundantly blessed during the past year, and the earth hath yielded bounteously of all the products of its soil so that the garners of the husbandman are filled to overflowing; and the industrious mechanic has realized a rich reward for his labor, and every class of our population prospered in all laudable enterprises; and WHEREAS, above all, fraternal feelings and good will have in a great measure been restored in our midst, and no plague, pestilence or famine, has visited our State: Now, therefore, as it becomes us, a grateful people, to render thanks to Almighty God for these and numberless other blessings showered upon us in His great mercy, I, Tod R. Caldwell, Governor of North Carolina, in obedience to law and in conformity with an honored precedent, do appoint and set apart

Thursday, November 27th, 1873,

as a day of public Thanksgiving throughout the State; and I do earnestly invite the clergy of every denomination to open their respective houses of worship on said day, and to exhort their congregations to humble themselves before the throne of the ever living God, and render unto Him praises which are justly due, invoking for themselves, their State and their whole country, His guidance and protection throughout all time to come.

"O come, let us sing unto the Lord, let us make a joyful noise to the Rock of our salvation."

"Let us come before his presence with thanksgiving, and make a joyful noise unto him with psalms."

Done at the city of Raleigh, on this the 22d day of October, Anno Domini one thousand eight hundred and seventy-three, and in the ninety-eighth year of American Independence.

TOD R. CALDWELL.

THE LAST OF THE STOKES TRIAL.

GUILTY OF MANSLAUGHTER AND SENTENCED TO FOUR YEARS HARD LABOR.

MORE SUSPENSIONS REPORTED.

THEODORE TILTON EXPELLED FROM PLYMOUTH CHURCH.

NEW YORK, October 30.—Noon.—The jury in the Stokes case returned a verdict of manslaughter in the third degree. He was sentenced to four years at hard labor.

Judge Davis said: In rendering this verdict, Stokes, the jury have exhausted, and more than exhausted all mercy in your case. No appeal to this court can diminish the sentence from the highest penalty affixed by the statute in the degree in which you are convicted, and that is too light and apparently trifling, as compared with the great crime you have committed. Stokes was surrounded and embraced by male relatives and hurried to the tombs.

The following suspensions are reported: Williamson, Schmidt & Co., Produce exporters, Hoyt, Sprague & Co.

Theodore Tilton was expelled from Plymouth Church for refusing to testify in the Beecher scandal case.

Hoyt, Sprague & Co., do not deny their failure, but decline the statement about their creditors.

Lieutenant Noques swore that he fruitlessly attempted to deliver the Bazaine dispatch entrusted to him on the 23d of August by the Empress. He admitted, after much prevarication, that he was also the bearer of a dispatch to General Bourbaki.

WEEKLY REVIEW

OF TRADE.

WILMINGTON MARKETS.

The financial and commercial affairs of this city have suffered very little or no change during the past week. An exchange says: "There is very little change in the condition of financial and commercial affairs, though there is, on the whole, a more cheerful feeling outside of stock circles. The collections from the interior are improving, and the fact that the mercantile classes have withstood the pressure with so little of disaster is regarded as a good indication of the healthful condition of trade. It seems to be the general sentiment that, while individuals may suffer, and the country in general may feel pressed for a time, the late financial flurry will make it better and healthier for all business interests in the end. The necessity of curtailing manufacturing production is forcing itself upon the millowners, and arrangements are making to that end in various sections of the country. This temporary curtailment is to be deplored; yet, in the present state of trade, it would simply be courting disaster to go on piling up goods to make still greater losses. Foreign goods of many kinds are equally difficult of sale at satisfactory prices, and some of the more luxurious discriptions, as silks, satins, laces, velvets, &c., are being reshipped in considerable quantities to Europe. Of conrse this is an expensive expedient, but the resulting losses will probably be less than to force the goods off here, or even hold them till next Spring. This movement will necessarily entail some falling off in customs revenue, but that will be more than counterbalanced by the saving to the people at large."

CRUDE TURPENTINE has experienced no change this week in regard to price, and has remained in a kind of dormant state. Inspectors have found no trouble in placing their receipts at $2 for hard, $2 40 for virgin, and $3 for yellow dip. The arrivals amount to only 802 bbls, against 1,164 bbls. for last week. To day it closes quiet.

SPIRITS TURPENTINE.—The market for this article opened steady at 30 cents on Friday, which was an advance of 1 cent over the closing figure of our last review. Saturday the market evinced a very strong feeling, but was not quotably higher. Very little changed hands, as buyers refused to purchase at the advance, and factors to sell at the figures of the day before. Monday the market was not as firm as on Saturday, but showed no signs of a decline. Tuesday the market was steady at 30 cents, and on Wednesday the undertone showed signs of weakness. To-day there is a decline of ¼ cent, the market closing firm, with 38½ cents bid per gallon.—The sales for the week foot up 999 casks. The receipts amount to 1,770 casks, which shows an increase of 506 casks over those of the previous week.

ROSIN.—This market opened quiet at the closing figures of last week's review for Strained, and on Saturday it advanced 2½ cents, but on Monday it declined 7½ cents, sales being effected at $2 50; Tuesday the market rallied, and an advance of 10 cents was effected; Wednesday the market showed further signs of advance and was quoted higher, but we were unable to learn of sales at the advanced quotation. The finer grades have received very little attention. The sales for the week amount to 2,114 bbls.; the receipts 10,421 bbls., shows an increase of 5,137 over those of last week 5,284. To-day Strained has advanced 5c cents, with sales of 1,000 bbls. at $2 65.

TAR.—This article opened quiet, and sales were effected daily at $2 05 until Tuesday, when the market showed signs of an advance; a sale of 100 bbls., in order, was effected at $2 25 and on Wednesday it advanced 20 cents. The sales foot up 269 bbls., the receipts 308 this week against 692 of last week, which shows a falling off of 384. To-day the market closes firm at $2 25.

COTTON—This staple, under the depressing influences of the cable dispatches and financial panic, has gradually declined in our market on an average of ¼ cent per day since the opening of the review week. The daily quotations are as follows:

The receipts for the week foot up 1,458 bales, against 1,522 bales for the past week.

The following we clip from the N. Y. *Prices Current*, trusting it may be of interest to our readers:

THE COTTON CROP.—The average condition of cotton for the first week in October, as compared with the October reports of 1871 and 1872, stands as much higher than that of the former year as it falls below the record of the latter standard, the crop being a good normal growth. The yearly losses from worms or other casualties always reduce the record below 100, and the greatest reduction occurs usually in September.—The average this year has fallen off from 89 to 78½ since the first week in September, a larger reduction than usually occurs. The area of the present year was increased about 10 per cent., but a portion of the enlargement was abandoned, and the October status of the crop is materially reduced. The season must be of average length and comparatively favorable for picking to insure a crop equal to that of last year. So thinks the head of the Agricultural Bureau.

COTTON MOVEMENTS.—The weekly circular of Mr. Charles A. Easton gives the receipts at the ports for the week ending last Friday at 88,000 bales, making since Sept. 1st, 1873, 264,236 bales, against 406,638 to same date last year. The exports for the week were 38,508 bales, making 71,033 bales since Sept. 1, 1873, against 141,570 to same date previous year. The stocks compare as follows:

	1873.	1872.	1871.
At the port.....bales	165,451	228,425	185,192
At interior towns.....	40,817	30,496	38,811
Total.....bales	206,268	258,921	223,503

It will be seen that the receipts at the ports to latest dates are 142,387 bales less than last year, and 1812 bales more than in 1871. Taking into consideration stocks at home and abroad, quantity afloat, &c., the visible supply is represented to be 1,300,411 bales, against 1,534,369 last year; a decrease of 233,958 bales. Stock held by Manchester spinners 165,000 bales, against 110,000 bales last year, and 265,000 the year before.
